**SHARP**  
Be Original.

The kitchen should always look clean and shiny, this helps prevent greasy finger marks on the fridge as you go about the bustle of the kitchen.

This extendable cooking zone allows you flexibility to cook with pans of different size perfectly.

Small to medium size variation, our 2xZone allows true flexibility when it comes to selecting the perfect size for your pans.

Keep the heat where it needs to be. When the oven door opens, an active fan system protects your face with an Air Curtain, keeping hot air in and not exposing your face.
