ROBOT VACUUM CLEANER WITH MOPPING SYSTEM HYDRASYNC

- 3-in-1 experience: sweeping, vacuuming and mopping
- Control via WiFi-enabled app (SmartLife)
- Compatible with voice assistants (Alexa and Google Home)
- LINEAR line-laser navigation and advanced sensors:
- Carpet, wall and obstacle detection, plus anti-fall system
- Systematic cleaning route and real-time mapping
- Multiple cleaning modes and methods: vacuuming, vacuuming and mopping simultaneously, mopping only, vacuuming followed by mopping
- Motor-driven anti-tangle brush, side brush and dual spinning mop pads, extendable and liftable for precise cleaning – even on carpets, along walls and in corners
- Room-specific cleaning with no-go zones and virtual walls
- Timer function: daily schedule programmable
- Self-cleaning mop pads: automatically rinsed and dried with warm air for hygienic results
- Charging station with automatic dirt disposal, with dust bag (3.5 l)
- Separate water management: dirty-water tank (3.5 l) and clean-water tank (4 l)
- BLDC motor with strong 20 kPa suction power for high cleaning performance and pickup rate
- 4800 mAh – 14.4 V lithium battery
